

EFFECTS OF MANTRAS

The following table lists mantras in the Kundalini Yoga tradition according to their effects. All the mantras in this tradition are holistic and broad and therefore some appear under more than one heading, because of their numerous effects. Please note that mantras listed within a certain effect may work on different aspects of it – e.g., under “Fear” there will be mantras that address insecurity, haunting thoughts, moving into the unknown without fear.

FEAR	BLOCKS	LINK TO INFINITY
Aap sahaee hoa...	Aad such jugaad such	Aad such jugaad such haibee
Ang sung wahe guru	haibhay such...	such...
